About Me

Experienced in web and application development, initially joined Resolute B2B, where I quickly proved my capabilities and was hired by Pursuit Branding within the Resolute Group. Noteworthy achievements include leading the development of [CloudKakshaa](#) during an internship at TechForIndia.

SKILLS:

- **Frontend:** HTML, CSS, JavaScript, React.js, Vue.js, Tailwind CSS.
- **Backend:** Node.js, Python (Django), Laravel.
- **Databases:** SQL (MySQL, PostgreSQL), NoSQL (MongoDB).
- **Version Control:** Git (GitHub).
- **Mobile App Development:** Android Studio (Jetpack compose), Flutter, React Native

WORK EXPERIENCE:

Full Stack Developer,

Pursuit Branding (Substitute of Rocksalt Interactive Games, Resolute Group), April 2023 - Present

- Developed web applications for a former company, which significantly increased productivity.
- Managed projects like the [Philippine Art Festival](#) and the [Hyderabad Art Festival](#) from start to finish.
- Built an internal chat application from scratch, using React.js and Express.js to make communication between team members easier.
- Designed and constructed entire application structures using JavaScript, React.js, Node.js, Laravel, and Express.js.
- Completed all projects on time while paying close attention to detail.

Full Stack Developer,

Resolute B2B, September 2023 -March 2023

- Responsible for the creation of many web apps using JavaScript, HTML5, CSS3, React, Node, Laravel, and Express.
- Solely responsible for projects catering to both client-facing and internal operational needs.
- Proactively tackled technical challenges, ensuring seamless operation of applications in production environments.
- Demonstrated strong problem-solving skills and a proactive attitude in troubleshooting and debugging.
- Maintained up-to-date knowledge of web development technologies and trends through continuous learning initiatives.

Lead Developer (Internship),

TeachForIndia, August 2021 -March 2022

- Led development efforts as an intern at Cloud Kaksha, an edtech startup.
- Developed and managed web applications using JavaScript, HTML5, CSS3, PHP, AJAX, and Tailwind CSS.
- Designed and implemented RESTful APIs to enable seamless communication between front-end and back-end systems.
- Contributed actively to brainstorming sessions, proposing new features and enhancements for existing products.

EDUCATION

- B. Tech in Computer Science and Engineering. St. Mary's Engineering College | Hyderabad

ADDITIONAL SKILLS AND INTEREST

Certificates: [Java](#) and [Python](#) Certificates from Hacker Rank, [Accenture Developer Program](#)
